Learn the Answers to the Questions That Get to the Heart of the Matter!

This educational seminar will focus on the current literature discussing hormonal relationships and cardiometabolic disease.

Practitioners will learn when hormones may not be safe, how to properly replace hormones, and how to incorporate nutrients to help patients achieve proper hormone balance and prevent cardiovascular disease.

Topics to be covered include:
- Hormonal Interactions
- Hormones and Atherosclerosis
- The Gut/Heart/Brain Connection
- Adrenal/Thyroid/Gonad Connection
- Anti-Inflammatory Nutrition to Protect Against CVD

November 11, 2017
8:30 am – 5:00 pm
Registration begins at 8:00 am
Hilton Garden Inn Hartford/Windsor
555 Corporate Drive
Windsor, CT 06095
Reservations: (860) 688-6400

Dr. Monaco completed his undergraduate education at Drew University in Madison, NJ. He did 1 year of research in Cardiovascular/Cerebrovascular Physiology and 4 years of medical training at the Bowman Gray School of Medicine, earning his Medical Degree. Dr. Monaco completed a residency in Obstetrics & Gynecology at St. Francis Hospital & Medical Center in Hartford, CT, a specialty which he practiced for nearly 35 years. In 2007, he completed a Fellowship in Anti-Aging, Functional and Metabolic Medicine. Dr. Monaco has nearly 20 years of experience with bioidentical hormones. He is a member of the Teaching Faculty for the American Academy of Anti-Aging Medicine, an Oral Board Examiner and a Clinical Assistant Professor of Family Medicine at the University of New England College of Osteopathic Medicine. He has lectured extensively throughout the United States, Canada and the Middle East on topics including hormone restoration for men and women, adrenal and thyroid dysfunction, functional medicine, weight loss and most recently the relationship of hormones with cardiometabolic disease. He is the Medical Director of the Nashville Hormone and Integrative Medicine Center as well as the Division of Hormone Restoration at The Hypertension Institute. He is also the Associate Medical Director of Integrative Medicine at The Hypertension Institute, Nashville, TN. Dr. Monaco maintains a private practice as part of the St. Thomas Medical Group at St. Thomas Hospital West, Nashville, TN.
